SUMMARY: Passionate and detail-oriented Software Developer with 4+ years of experience in IT industry. Experienced in JavaScript, React and AWS Cloud Services. Currently, looking for new opportunities in field of Software Development.

TECHNICAL SKILLS

Languages	JavaScript, Java (SE), Python
Web Technologies	HTML, CSS3, Bootstrap, React, XML, SOAP, Restful API, Node.js
Databases	SQL, MySQL, MS Access, RDS
Tools/Platforms	GitHub, It, JIRA, Eclipse, Visual Studio Code, Docker, Azure Boards, Jenkins, Zendesk MySQL Workbench
Cloud Platforms	AWS, Azure
Cloud Services	EC2, S3, EBS, CloudWatch, SNS, CloudFormation, Route53, Lambda, ECR, ECS, Kubernetes
Networking	Linux, Knowledge of TCP/IP, HTTP, VPC
Lifecycle Methodologies	Agile, Scrum
NC/LC platforms	Xano, Appian, Power Apps

CERTIFICATIONS

- AWS Certified Solutions Architect (SAA-C03)- (Expires in 2026)
- AWS Certified Cloud Practitioner (Expires in 2026)
- AWS Certified Developer (In Progress)

WORK EXPERIENCE

Application Developer | *System Soft Technologies*

Present

- **Developed** and maintained software applications using **JavaScript** and **React**, ensuring adherence to coding standards and best practices.
- Designed and implemented database schemas, **SQL queries**, and **data integration** processes.
- Provided support with **client requirements** and issues and participated in client meetings.
- Working in full **Agile environment**, actively participating in sprint planning meetings and **daily standup meetings**.
- Collaborated with cross-functional teams to develop and maintain highly efficient and scalable software solutions.
- Participated in the full **SDLC**, including requirement gathering, design, coding, testing, and deployment.
- Conducted **code reviews** and provided **constructive feedback** to enhance code quality and performance.
- Preparing **technical documents** and class diagrams.
- **Debugging and troubleshooting** field issues. Also, **analyzing and resolving bugs**.
- Managed website maintenance and updates, including development of maintenance calendar, scheduling, and execution of tasks.
- Lead Developer for projects: Philly Parks & Recreations- Event Permitting, Capital Funding Group (CFG), Baltimore, Philly School District -Legal Case Management

Graduate Engineering and Design Teaching Assistant | *Carleton University | Ottawa*

- Assisted undergraduate students to learn basic to intermediate programming in Java and enhanced their fundamental understanding of core engineering concepts.
- Supported instructor with test administration, curriculum development, and grading assignments.
- Documented attendance and completed assignments to maintain full class and student records.

ADDITIONAL SKILLS

- Strong problem-solving and analytical abilities.
- Excellent communication and interpersonal skills, with the ability to work effectively in a team environment.
- Quick learner with a passion for staying up to date with the latest technology trends.
- Detail-oriented with a strong commitment to producing high-quality work.

EDUCATION

The University of Texas (G-learning) | *Post Graduate Program in Cloud Computing*

Present

Carleton University Ottawa | *MEng in Systems and Computer Engineering*

2018-2020

Punjab Technical University | *B. Tech in Electronics and Communications Engineering*

2013-2017
